

Bay 5 - Doc O'Bay's Emporium - Scenario B

(single gong at 112'/37.3y)

STAGING: 10 pistol, 10 rifle, 4 plus shotgun, two shooting positions: Position 1 is doorway of Doc O'Bays, Position 2 is right side of Doc O'Bays. Rifle staged at Position 1, shotgun staged at Position 1 or Position 2.

START: At Position 1 with arms crossed over chest.

SHOOTER INDICATES READY BY SAYING: "The rifle target is outside my house!"

AT THE BEEP: With the rifle, engage the gong target (112') for 10 rounds for a 1 second bonus each hit. With rifle made safe, engage the three pistol targets in two double-tap, single-tap, double-tap sweeps beginning on either end. With pistols holstered, move to Position 2 and engage the two shotgun knock-down targets until you envision them down, and then the popper trip target and popper. Make up a missed popper by engaging the make-up target. If you envision popper landing before you engage it, you must still fire one down range, and then engage the makeup target.
