

## Bay 9 - Open Bay - Scenario A

**Note:** This is a mirrored stage, and left set of pistol and rifle targets are shown. Shotgun targets and popper target are central and common to both sides.

**STAGING:** 10 pistol, 10 rifle, four plus shotgun, one shooting position; from anywhere behind either table. Shooter has choice of shooting from left to right (left table), or right to left (right table).

**START:** Shooter is standing at default, facing the posse, with back towards table, pistols holstered, rifle and shotgun staged safely on table of choice.

**SHOOTER INDICATES READY BY SAYING:** "Sure glad my neighbors can't hear this!"

**AT THE BEEP:** Turn and engage the three pistol targets in a Roger Rapid's Cowboy Pistol Sweep beginning on the left (1, 2, 1, 2, 3, 3, 2, 3, 2, 1). With pistols holstered, engage the plate rack with ten rifle shots until all plates are down, beginning from the left (for left table) or the right (for right table) envisioning that you knock down all plates before proceeding to dump remaining rounds on the dump target. With rifle made safe, engage the two shotgun knock-down targets until you think they are down, and then engage the popper trip target and then the popper. Each rifle hit on the rifle dump target is awarded a one-second Bonus. Misses on the rifle dump target don't count. A miss on the popper must be made up on the make-up target. Any standing plate counts as a miss.

**NOTE:**

In the photo above, the tables are covered with blue plastic tarps to protect the tables from weather. The tarps are removed during matches.
